BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Moyno Pump Parts from Carl Eric Johnson, Inc without conducting a competitive solicitation process for the following reason(s).

The Manatee County Utilities Department currently relies on Moyno pumps at their Biosolids facility. These pumps have performed remarkably well. However, to uphold their functionality and efficiency, it's essential to replace the parts that naturally wear over time. As the sole authorized distributor of Moyno pumps and replacement components in Florida, Carl Eric Johnson, Inc. ensures that the County receives genuine, high-quality parts that are directly compatible with Moyno pumps. Opting for alternative pumps would not only incur additional costs for the County but could also lead to compatibility issues, necessitating modifications. Maintaining the integrity of the Moyno pumping system through the use of authentic replacement parts is crucial in preserving the optimal performance of the facility.

Any company that believes they can provide this good or service must provide, in writing, convincing technical data sufficient to support their position to the Manatee County Procurement Division at purchasing@mymanatee.org no later than May 22, 2024.
