BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure two VeloBlend™ liquid polymer activation systems from VeloDyne without conducting a competitive solicitation process for the following reason(s):
The County desires to standardize to the VeloBlend™ system at the grease processing area due to its unique, patented mixing chamber technology, allowing for precise control of mixing conditions and optimal performance.
VeloDyne is the only seller of VeloBlend™ liquid polymer blending systems in the United States.

Based upon these and other factors, the County plans to standardize the above referenced product. Any company that believes they can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than December 31, 2019 for evaluation and consideration.
