Q1. I'm seeking clarification/more detail on the answer to question 3 on Addendum #1.

The answer to question 3 states in part "...possess a General Contractor's License."

A Building Contractor meets the same licensing qualifications as a General Contractor but is limited to 3 stories. Is a Building Contractor's License acceptable?

R1. A Building Contractor License by itself will not be permitted for this project. The Bidder or Bidder's subcontractor combined must possess a General Contractor's License.
