BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure ManCoCp Soft Start Control Panel Junction Box from Barney's Pumps, Inc. without conducting a competitive solicitation process for the following reason(s):

Manatee County has relied on Barney's Pumps, Inc. to provide industrial control panels for its lift pump stations throughout the county. These panels are essential to the water treatment process, and any downtime can have a significant impact on the county's water supply. Barney's panels have been reliable and efficient, with minimal issues. When repairs are needed, Barney's is quick to respond. Standardizing on Barney's panels help the county reduce its inventory of spare parts and speeds up repairs.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than February 13, 2024 for evaluation and consideration.
