**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure Sewer Root Control from Duke's Root Control, Inc. without conducting a competitive solicitation process for the following reason(s):

Preventative maintenance prolongs the life of the sewer pipes. The Razo Rooter II product used by the vendor contains regrowth inhibitor that is not available in similar products. Duke's Root Control, Inc. is currently the only commercial applicator licensed by Sewer Sciences, Inc. to apply Razo Rooter II in the State of Florida.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than March 5, 2025 for evaluation and consideration.
