Federal/State law(s), administrative ruling(s), Manatee County Comp Plan/Land Development Code, ordinances, resolutions, policy.

BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure sewage grinder unit refurbishment/repair services from JWC Environmental without conducting a competitive solicitation process for the following reason(s).

JWC Environmental operates the only service centers that are factory authorized to perform repairs for their Muffin Monster grinders.

It would be fiscally irresponsible to change the dimensions of the sewage flow channel that would be required if we used a different brand of sewage grinder.

Any company that believes they can provide this good or service must provide, in writing, convincing technical data sufficient to support their position to the Manatee County Procurement Division at purchasing@mymanatee.org no later than April 24, 2018.
