BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure ESO EHR Suite Subscription Renewal from ESO Solutions without conducting a competitive solicitation process for the following reason(s):

Patient tracking and reporting in Emergency Medical Services (EMS) are essential for State and Federal reporting requirements. ESO suite allows Manatee County to report and submit State and Federal mandated data points and tracks patients progress and requirements. ESO suite is also integrated with Manatee County's billing vendor and is the preferred software vendor. ESO suite is the current, customized, standardized software that is used by all Manatee County EMS employees.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than October 11, 2023 for evaluation and consideration.
