### BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Automated Logic Control system maintenance and installation services from Boyd Brothers Service, Inc. without conducting a competitive solicitation process for the following reason(s):

Various County facilities are currently operating with outdated Automated Logic Control (ALC) systems that are no longer compatible with the County's existing building automation platform. Boyd Brothers Services is the authorized ALC vendor for our region, has provided installation, maintenance, and integration services since 2020. Their work spans HVAC control systems and other ALC-related building automation functions across both existing and new County facilities. Boyd Brothers' extensive familiarity with County infrastructure and procedures supports seamless integration of legacy systems, reduces the need for additional training, and avoids the added costs and complications associated with using multiple vendors or incompatible systems.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than May 22, 2025 for evaluation and consideration.
