**NOTICE OF INTENT TO AWARD A SINGLE SOURCE CONTRACT**

The Manatee County Procurement Division provides notice of its intent to award a single source contract with a value of \$136,750.00 with Odyssey Manufacturing Company for the provision of Hydrochloric Acid Solution and Polymer.

**ENABLING/REGULATING AUTHORITY**

**Federal/State law(s), administrative ruling(s), Manatee County Comp Plan/Land Development Code, ordinances, resolutions, policy.**

Manatee County Code of Laws

**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure Hydrochloric Acid Solution and Polymer from Odyssey Manufacturing Company without conducting a competitive solicitation process for the following reason(s):

The County is collaboratively working with the Florida Department of Environmental Protection's court-appointed Receiver to close the Piney Point site which included the County designing, permitting, and constructing a \$10M deep injection well. The County also provided for temporary injection service treatment plant that was designed and constructed. This plant will clarify and remove constituents from the nutrient-rich ponds at Piney Point to yield water quality suitable for injection at a rate of up to 1 million gallons per day. Odyssey Manufacturing is a general service industrial chemical supplier. They currently have contracts to provide bleach and hydrochloric acid to the County. The following three (3) Chemicals are required to service Piney Point: UN1824 Sodium Hydroxide Solution, 8 PGII 50% Sodium Hydroxide, HCL 19%: UN1789, Hydrochloric Acid Solution, 8, PGII, 19%, and Polymer: Aqua Hawk MB-SR10X-42 lb. Pal. The County is in need of additional Hydrochloric Acid and Polymer to maintain this project.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than March 8, 2024 for evaluation and consideration.
