BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Flygt submersible pump from Xylem Water Solutions U.S.A., Inc. without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has standardized the Flygt pumps at the Wastewater Treatment Plants. Obtaining a direct replacement pump ensures the equipment is kept running at maximum efficiency, downtime is reduced, and disruption of the treatment process is kept minimal. Using a different brand of pump would require modifications to existing equipment and additional part purchases..

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than July 29, 2024 for evaluation and consideration.
