CHANGE TO:

SECTION B, BID FORMS, APPENDIX A, MINIMUM QUALIFICATIONS

3. Bidder, or Bidder's subcontractor combined must possess a General Contractor's or Underground Utility and Excavation Contractor's License issued by the Florida Department of Business and Professional Regulation for a period of at least five (5) consecutive years since July 31, 2018. License must be current and valid through the Due Date for submission of bids for this IFBC.

If Bidding as a General Contractor or Underground Utility and Excavation Contractor, provide a copy of the license, issued by the Florida Department of Business and Professional Regulation and documentation confirming Bidder or Bidders Subcontractor has been licensed and or certified for the period of December 1, 2018, through the date of submission of the bid.

QUESTIONS AND RESPONSES:

Q1. The bid documents require a GC License for this project. The scope of work will require an Underground Contractors License to install the proposed utilities in the right-of-way. No other work is in the bid schedule that would require a General

Contractors License. Since the GC will be required to obtain or hire an Underground Utility Contractor, can an underground utility contractor bid the project as prime?

R1. Yes, see Change To section above.

NOTE:

Deleted items will be ~~struck through~~, added or modified items will be underlined. All other terms and conditions remain as stated in the IFBC.
