Manatee County Code of Laws

BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure Gillig bus engine parts and repair services from Cummins Power South Sales and Service without conducting a competitive solicitation process for the following reasons:

The Public Works Department maintains a fleet of Gillig transit buses, equipped with Cummins diesel engines. Cummins Power South Sales and Service, Tampa, is the only Cummins diesel engine OEM authorized dealer and service provider in the area. The Public Works Department and the Procurement Division have determined that these repair parts and services, sourced from Cummins Power South Sales and Service are in the County's best interest.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than March 11, 2022 for evaluation and consideration.
