**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure an enclosed building for Manatee County search and rescue boat from Superior Sheds of Sarasota without conducting a competitive solicitation process for the following reason(s):

The County has standardized on the use of pole metal storage buildings throughout Manatee County with designs that work well for all departments. This maintains the compatibility with current building codes, providing maximum protection for storing the County's equipment. Superior Sheds of Sarasota is the only company offering the County engineering, sitework, and architecture with each building.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than June 28, 2024 for evaluation and consideration.
