**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure Endress & Hauser Prosonic flowmeters from Trinova Florida without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has need to replace Endress & Hauser Prosonic flowmeters in the water/wastewater system. The Endress & Hauser Prosonic model flowmeters have been established as the County standard. The County has investigated the processes necessary for this project and find that Trinova Florida, is the only OEM source for Endress & Hauser equipment in Florida. The Utilities Department and Procurement have determined that this equipment sourced from Trinova Florida is in the County's best interest.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than August 11, 2021 for evaluation and consideration.
