BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure vehicle diagnostics and maintenance equipment from Snap-On Industrial without conducting a competitive solicitation process for the following reason(s):

Snap-On is the only OEM source for Snap-On equipment. There are other manufacturers of vehicle repair equipment. However, Fleet Services has existing Snap-On equipment that will be added to and it is in the County's best interest to maintain that standardization.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than October 16, 2023 for evaluation and consideration.
