**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure a metal enclosed building with cement flooring from Superior Sheds of Sarasota without conducting a competitive solicitation process for the following reason(s):

The County has standardized on the use of pole metal storage buildings throughout Manatee County with designs that work well for all departments. This maintains the compatibility with current building codes, providing maximum protection for storing the county's maintenance equipment. Superior Sheds of Sarasota is the only company offering the County engineering, sitework, and architecture with each building.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than September 27, 2023 for evaluation and consideration.
