- To be in compliance with Florida Statute 287.055 (Consultant's Competitive Negotiations Act), the County is obligated to competitively solicit the needed bridge design services using a Request For Proposals to select the best qualified firm. Consequently, the Public Works Department developed the Scope of Services for the Request For Proposal #09-2392BG Bridge Design Over Manatee River at Fort Hamer Road.
- **URS Corporation Southern**, the top ranked firm, demonstrated exceptional qualifications and an excellent understanding of the means and methods to deliver the required design successfully and in a time frame acceptable to the County. The project team assembled by this firm was in attendance at the Oral Presentation. The URS team members discussed their involvement in the Bridge Design of the **Fort Hamer Bridge Project** and clearly demonstrated competence in their fields of expertise.
- September 17, 2009, the County Administrator authorized the Selection Committee to enter into negotiations with URS Corporation Southern for the Bridge Design Project.
- November 3, 2009, the original proposed cost of \$3,396,092.00 was negotiated to final not to exceed cost of \$2,905,900.55 which is agreeable to both parties; and deemed to be fair and reasonable by the Public Works Department. This negotiated cost is 14.6 percent of the total estimated construction cost (\$19,945,608.00).
- November 2009 - February 2010, this Agreement was reviewed and amended by the County Attorney. The updated Agreement is presented for Board consideration.
- This project will be managed by the Public Works Department, Project Management Division.
