BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Street Light Installation Services from Florida Power and Light Company without conducting a competitive solicitation process for the following reason(s).

Florida Power and Light Company owns the infrastructure located in the County right-of-way that the streetlights will be installed on, or attached to. Florida Power and Light Company or their subcontractors are the only ones allowed to perform work on their utility infrastructure. Florida Power and Light Company already has the infrastructure and has the means and methods to provide this service which is best aligned with the County's current goals and objectives.

Any company that believes they can provide this good or service must provide, in writing, convincing technical data sufficient to support their position to the Manatee County Procurement Division at purchasing@mymanatee.org no later than October 24, 2023.
