**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure UC300 Camera Assembly from Cues, Inc. without conducting a competitive solicitation process for the following reason(s):

Cues, Inc. is the officially recognized sales and service provider for Cues equipment in the State of Florida. Manatee County Fleet has a number of Cues camera on trucks that require maintenance, repairs, parts, and warranty support services. The continued utilization of Cues, Inc. cameras would guarantee sustained quality support, thus avoiding backlogs on repairs by standardizing the cameras used in Manatee County Fleet equipment. These cameras are used to identify blockages in underground sewage/stormwater pipes, as well as marking the spots for excavation; any delays would incur additional costs for the County.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than November 20, 2023 for evaluation and consideration.
