BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure DeZurik valves and service from Fluid Control Specialties, Inc. without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has need of DeZurik valves for water treatment processes. The County has established a standard of use to the DeZurik OEM products for the past several years. Fluid Control Specialties, Inc. is the only authorized DeZurik dealer in Florida. The Utilities Department and Procurement have determined that this equipment, service and parts sourced from Fluid Control Specialties, Inc. is in the County's best interest.

Based upon these and other factors, the County plans to standardize the above referenced product.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than November 10, 2020 for evaluation and consideration.
