BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure TRAX Apollyon traffic data counters and STARnext software licenses from Jamar Technologies, Inc. without conducting a competitive solicitation process for the following reason(s):

Jamar Technologies is the sole supplier of their traffic data counters and related software.

Other traffic data counters would be incompatible with the over 100 existing counters and current traffic data software.

Changing existing hardware and software would not be cost effective and would disrupt traffic engineering activities.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than April 23, 2020 for evaluation and consideration.
