**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure K65 Beam Control LED Field Lights/Delivered from Sports Field Marking without conducting a competitive solicitation process for the following reason(s):

Sports Field Marking works in collaboration with Ritelite Systems, Ltd directly and is Florida's dealer for their lighting systems, including the K65. These lights are the only light poles that have high powered led light heads that can light a full-size soccer field with just six (6) poles without large amounts of light pollution. This field is close to houses and light pollution is a major concern, which the K65 lighting systems will not cause this issue of lighting pollution. One person can easily move these lights and set them up, giving the field lighting, allowing a safe playing field for the athletes.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than November 10, 2023 for evaluation and consideration.
