Manatee County Code of Laws

BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Crosley Carriage House Impact Resistant Windows from Grayhawk Systems, Inc. without conducting a competitive solicitation process for the following reason(s):

The Manatee County Convention & Visitors Bureau (CVB) Department is currently engaged in an essential update of the Crosley Carriage House, a historically significant building. With a focus on preserving the historical integrity of the property, the department sought out reputable vendors and ultimately selected Grayhawk Systems, Inc. for their unique ability to construct windows that meet the exact specifications required to maintain the site's status on the National Register of Historic Places. These specialized windows not only reflect the architectural style of the original construction but also boast essential modern features, including hurricane impact resistance. This strategic choice ensures the protection of the historical site while simultaneously reducing potential repair costs, thanks to the windows' comprehensive lifetime warranty on both labor and materials. By investing in these meticulously crafted windows, the Manatee County CVB exemplifies their commitment to preserving the rich heritage of the Powel Crosley Estates for future generations to appreciate and enjoy.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than June 21, 2024 for evaluation and consideration.
