Noncompetitive Award to Datalink Corporation to purchase annual hardware and software support for tape library and disk storage array for the Information Technology Department for \$39,261.00.

BACKGROUND/DISCUSSION

Datalink currently supports our existing Quantum storage infrastructure consisting of a Quantum i500 tape library and Quantum DXi disk storage array. This hardware requires extreme technical expertise for configuration and ongoing maintenance. It would not be cost effective and it would be disruptive for the County to attempt a knowledge transfer to another vendor at this time.
