### QUESTIONS AND RESPONSES:

**Q1. On plan sheet 149 (Temporary Traffic Control Plan) note #1 under Temporary Traffic Control Plan General Notes: it says “Lane Closures are permitted between the hours of 7:30 pm to 6:00 am for a single lane closure, in each direction. Lane Closures are allowed only within an active work zone”. My understanding of the note means a single lane (11-12 foot). Is that correct? It appears from reading the notes that this project is to be done strictly at night. Is that correct? Are any lane closures or work permitted during normal daylight hours?**

**R1. Only lane closures must be at night. Work can happen during and encouraged during typical work hours 7:00 am through 5:00 pm. Busy thoroughfares like US-41 always require night closures and only one lane at a time.**

### NOTE:
