**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure Hydrovac Services from Badger Daylighting Corp. without conducting a competitive solicitation process for the following reason(s):

Hydrovac Services that are provided by Badger Daylighting Corp plays a crucial role in ensuring safe and efficient excavation and maintenance of infrastructure. Their technology combines pressurized water streams to safely break up soil and debris, while a powerful vacuum system ensures that materials are removed without causing damage to underground utilities or sensitive equipment. This noninvasive approach is particularly valuable when the condition of infrastructure is uncertain, as it minimizes risks associated with traditional excavation methods that involve heavy equipment. Overall, Hydrovac Services provide a safer and more efficient way to excavate and maintain infrastructure while protecting surrounding properties and utilities.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than June 25, 2024 for evaluation and consideration.
