BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure products and services related to chemical storage and dosing systems from H2 Enviro Solutions, LLC without conducting a competitive solicitation process for the following reason(s):

H2 Enviro Solutions, LLC specializes in chemical storage and dosing systems for the water industry. Their expertise ensures that systems are optimally designed, maintained, and operated, reducing the risk of failures and enhancing overall facility performance.

With direct access to OEM parts and close collaboration with the manufacturer, H2 Enviro Solutions, LLC can expedite repairs and part replacements. This ability to quickly source and install parts minimizes downtime and significantly reduces long-term maintenance costs. Additionally, using OEM parts ensures that equipment warranties remain intact, avoiding potential voiding of warranties and costly future repairs.

Familiar with both the technical aspects of the systems and the County's operational environment, H2 Enviro Solutions, LLC reduces the risk of errors, miscommunication, or compliance issues, thereby supporting the County's goal of maintaining a high-performing, cost-effective water system.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than December 19, 2024 for evaluation and consideration.
