**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure a ProMinent Dry Polymer Activation System from TriNova, Inc. without conducting a competitive solicitation process for the following reason(s):

The County previously procured a ProMinent Dry Polymer Activation System for the Lake Manatee Water Treatment Plant by conducting a competitive solicitation process. In efforts to keep standardization within the County's water and wastewater treatment plants, the County will now procure the same system for the Southeast Wastewater Treatment Plant.

Any company that believes they can provide this good or service must provide, in writing, convincing technical data sufficient to support their position to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than Five (5) Business Days after the Posting of this Notice of Intent to Award.
