**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure Fire Safe Chemical Storage Container from US Hazmat Storage, LLC without conducting a competitive solicitation process for the following reason(s):

Manatee County Public Works requires storage containers for their bulk chemicals. US Hazmat Storage, LLC is a reputable distributor of Fire Safe Chemical Storage Containers, which offer the necessary storage solutions for maintaining bulk lubricants in compliance with environmental standards, fire safety regulations, and hurricane wind ratings. These custom-built containers are designed to withstand fire, provide spill containment, and come with a 20-year structural warranty. Other similar options do not meet the necessary safety requirements for bulk chemical storage.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than January 24, 2024 for evaluation and consideration.
