Re: IFB #10-2554DC Metal Roof Restoration at Civic Center

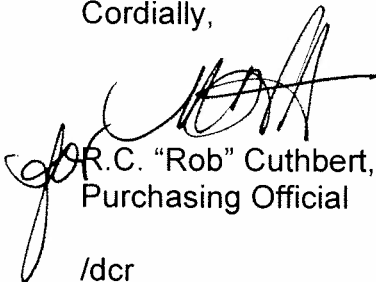

Manatee County, in accordance with IFB Article A.11 Reserved Rights, is rejecting all bid submittals in response to the referenced roofing project at the Civic Center because of irregularities contained in the specifications and to better specify the County's intention for this project. It is anticipated that this project will be advertised for re-bid within the next three weeks with revised specifications.

The re-bid will include, but not be limited to, the following revisions:

1. Description of work for the "sloped roof coating" Bid Form item (surface area or plan area square footage unit price to be specified).
2. Inclusion of work sequence to accommodate HVAC work to be performed on the project site.

Upon completion of the bid revisions, the re-bid will be advertised statewide. All firms that have submitted a response to this IFB will be directly solicited when the document is available. We appreciate your patience and the time and effort you've expended with this IFB and invite your continued participation in the re-bid.

Cordially,

R.C. "Rob" Cuthbert, CPM  
Purchasing Official
