BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Laboratory Workstations from OMNI Lab Solutions without conducting a competitive solicitation process for the following reason(s):

The Natural Resources Department is retrofitting a space that was not originally intended for work that includes chemicals and testing. The room will require workstations that have chemically resistant work surfaces, enhanced mechanical stability, and vibration control. Other workstations available will not fit into the space or do not include the specifications required.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than August 5, 2024 for evaluation and consideration.
