**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure wastewater decanting parts and equipment from Mass Transfer Systems without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has need of decanting equipment for wastewater treatment processes. The County has established a standard of use to the Mass Transfer System OEM line of wastewater decanting equipment. Mass Transfer Systems is the only source for these proprietary systems. The Utilities Department and Procurement have determined that this equipment, service and parts sourced directly from Mass Transfer Systems is in the County's best interest.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than May 26, 2022 for evaluation and consideration.
