BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure parts for ultrasonic flow and level equipment from Endress + Hauser Inc without conducting a competitive solicitation process for the following reasons:

The County has standardized on Endress and Houser equipment used in the County's water treatment processing facilities.

TriNova, an approved sole source for Manatee County as the only authorized vendor for Endress-Hauser products in the state of Florida has been supplied.

Based upon these and other factors, the County plans to standardize the above referenced product.

Any company that believes it can provide this good/service, must submit detailed information about its good / service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than March 29, 2021 for evaluation and consideration.
