BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure a new pole metal storage building from Superior Sheds of Sarasota without conducting a competitive solicitation process for the following reason(s):

The County has standardized on the use of tube steel buildings throughout Manatee County. This maintains the compatibility with current building codes, providing maximum protection for storing the County's maintenance equipment. Superior Sheds of Sarasota is the only company offering the County engineering, sitework, and architecture with each building.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than June 13, 2022, for evaluation and consideration.
