BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure the rebuild of Filter #7 at the Manatee Southwest Water Reclamation Facility from Aqua Aerobic Systems, Inc. without conducting a competitive solicitation process for the following reason(s):

The Utilities Department is in need of filtering systems for water treatment processes. The County has established a standard of use to the Aqua Aerobic OEM line of products for the Southwest Water Reclamation Facility and another facility to come on-line in 2021. Aqua Aerobic Systems, Inc. is the OEM for these proprietary systems. The Utilities Department and Procurement have determined that this equipment, service and parts sourced from Aqua Aerobics Systems, Inc. is in the County's best interest.

Based upon these and other factors, the County plans to standardize the above referenced product.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than August 7, 2021 for evaluation and consideration.
