BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Goulds 3498 Pump from Hudson Pump and Equipment without conducting a competitive solicitation process for the following reason(s):

Goulds pumps come with added features such as shaft stabilizers which reduce wear and add longevity to the bearings in both the pump and motor. It is also equipped with a mechanical seal that adds longevity. These features reduce the need for ongoing maintenance and repair. Other pumps available do not meet the specifications required for the Water Treatment Plant.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than July 19, 2024 for evaluation and consideration.
