BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure repair and maintenance services for 9-1-1 Vesta System from Motorola Solutions, Inc. without conducting a competitive solicitation process for the following reason(s):

Motorola Solutions, Inc. manufactures the existing VESTA call handling system and software, as well as manufactures and maintains the call delivery transport and P25 radio dispatch system. As the manufacturer of the equipment and services, Motorola Solutions, Inc. is the best-situated vendor to provide comprehensive repair and maintenance of the Motorola Solutions, Inc.'s suite of products.

Based upon these and other factors, the County plans to standardize the above referenced product. Any company that believes they can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than November 13, 2019 for evaluation and consideration.
