BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Channel Monsters Sewage Macerating Systems from JWC Environmental Inc., without conducting a competitive solicitation process for the following reason(s):

The Utilities department has a need for sewage macerating systems for the lift station system. The County has established a standard of use to the Channel Monster OEM line of sewage macerating systems. JWC Environmental Inc., is the only OEM authorized supplier for these proprietary systems. The Utilities department and Procurement have determined that this equipment, service, and parts sourced from JWC Environmental Inc., is in the County's best interest.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than July 24, 2023, for evaluation and consideration.
