Question: Will a "hard-edger" be allowed for use in trimming the turf in respect to the work requirement for weed-eating?

Answer: Vendor may use any device they choose to trim the turf. The term "weed-eating" is intended to describe the work being done and not to limit the type of tools that are allowed to perform the work. However, the vendor will be responsible for any damage done to sidewalks, pathways and similar areas from any tools being used to perform the work.

**The RFQ submittal deadline date and time remains unchanged.**
