BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure QAlert software and maintenance from QScend Technologies, Inc. without conducting a competitive solicitation process for the following reasons:

- QAlert software is distinctively unique because it's the only software that can integrate with CityWorks, the County's current application.
- QAlert is a proprietary CRM call center software solution that is developed and solely sold by QScend Technologies, Inc.

Based upon these and other factors, the County plans to standardize the above referenced product.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than October 19, 2020 for evaluation and consideration.
