The portion of the Federal Homeland Security grant mentioned in the RFP and allocated to the services contemplated by the RFP is in the amount of twenty five thousand dollars (\$25,000).

2. RFP Section B.01.3 Local Office, etc.:

Nothing within this RFP removes it from the scope of the Manatee County Code §2.26.6 (Local preference, tie bids, local business defined). See applicable Sections for clarification, including Section 2-26-6(c), which defines a "local business".

The County will supply appropriate classroom space and related facilities for the requested ICS-402 Training. Proposers will not be expected to provide refreshments.

Proposers should propose all costs related to the requested services specified in the RFP.

5. Simulated Disaster and ICS-402 Training:

To clarify requirements, the County expects the same day delivery of the COOP Test and the ICS-402 Training. Designated County personnel, disengaged from the COOP Test, will attend the ICS-402 Training during operation of the COOP Test.
