BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure sewage grinder unit repair services from JWC Environmental Inc. without conducting a competitive solicitation process for the following reason(s):

JWC Environmental Inc. operates the only service center that is factory authorized to perform repairs for their Muffin Monster grinders.

It would be fiscally irresponsible to change the dimensions of the sewage flow channel that would be required if we used a different brand of sewage grinder.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than August 4, 2023 for evaluation and consideration.
