BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure installation of a Velosolutions asphalt pump track from American Ramp Company (ARC) without conducting a competitive solicitation process for the following reason(s):

On June 24, 2022, the County procured the design development and construction administration for a Velosolutions asphalt pump track from ARC, piggybacking on Sourcewell awarded Contract 112420-ARC. ARC is the only company in the United States that can design and construct Velosolutions asphalt pump tracks. The Procurement Representative verified with ARC's Action Sports Development Manager that ARC is also the sole installer in the United States for Velosolutions asphalt pump tracks.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than July 8, 2022, for evaluation and consideration.
