### BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Alta X Drone with Accessories from GeoCue Group, Inc. without conducting a competitive solicitation process for the following reason(s):

Manatee County's Property Management Department has successfully implemented the Alta X Drone equipped with LIDAR technology to efficiently capture surface elevations and features crucial for boundary and topographic surveys with the assistance of GeoCue Group, Inc.'s comprehensive training program. The acquisition of this cutting-edge equipment not only enhances our survey capabilities but also allows the County to potentially receive credits or reimbursement. Embracing the use of the Drone with LIDAR technology represents a significant leap in streamlining our surveying processes, especially in comparison to traditional methods involving external consultants. With ongoing County-wide projects necessitating detailed boundary and topographic surveys, integrating the drone seamlessly with existing equipment and skilled staff from the Property Management Department's Survey Division ensures a more expedient and accurate approach moving forward.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than October 8, 2024 for evaluation and consideration.
