### BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure pump CP3231, 60-630 435mm 90hp/460/3ph 50' cable from Xylem Water Solutions U.S.A., INC. without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has standardized the FLYGT pumps at the Wastewater Treatment Plants. Obtaining a direct replacement pump ensures the equipment is kept running at maximum efficiency, downtime is reduced, and disruption of the treatment process is kept minimal. Using a different brand of pump would require modifications to existing equipment and additional part purchases.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than August 6, 2025 for evaluation and consideration.
