Manatee County Code of Laws

**BACKGROUND/DISCUSSION**

The Manatee County Procurement Division has completed a due diligence review and intends to procure VESTA Citizen Input and Smart Transcription Services from Motorola Solutions, Inc. without conducting a competitive solicitation process for the following reasons:

Motorola Solutions, Inc. has proprietary rights to and is the sole supplier of VESTA Solutions software and hardware; Manatee County has been utilizing the VESTA Solutions Suite for its Public Safety P25 Radio System since 2015; Manatee County has determined the need for additional technologies that will provide citizen input and smart transcription services such as visual content including photos and real-time video and advanced functionality like real-time transcription of call audio; the VESTA Solutions Suite offers the required citizen input and smart transcription services through licensed software, subscription software, and equipment that integrates with the County's existing P25 Radio System; procuring VESTA Citizen Input and Smart Transcription Services from Motorola Solutions, Inc. will ensure compatibility with the County's existing P25 Radio System; and a competitive solicitation process will result in administrative costs that may exceed any potential savings and benefit to the County.

Any company that believes it can provide these goods/services must submit detailed information about its goods/services to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than July 5, 2022.
