BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure ESO suite subscription used for patient tracking and reporting from ESO Solutions Inc., without conducting a competitive solicitation process for the following reason(s):

Patient tracking and reporting in Emergency Medical Services (EMS) are essential for State and Federal reporting requirements. ESO suite allows Manatee County to report and submit State and Federal mandated data points and tracks patients progress and requirements. ESO suite is also integrated with Manatee County's billing vendor and is the preferred software vendor. ESO suite is the current software that is used by all EMS employees and the suite is customized for Manatee County.

Based upon these and other factors, the County plans to standardize the above referenced product. Any company that believes they can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than December 20, 2019 for evaluation and consideration.
