NOTICE OF INTENT TO AWARD A SINGLE SOURCE CONTRACT

The Manatee County Procurement Division provides notice of its intent to award a single source contract with a value of \$88,297.20 with JWC Environmental, Inc. for the provision of CDD4010-XDM 2.5 Channel Monster .

ENABLING/REGULATING AUTHORITY

Federal/State law(s), administrative ruling(s), Manatee County Comp Plan/Land Development Code, ordinances, resolutions, policy.

Manatee County Code of Laws

BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure CDD4010-XDM 2.5 Channel Monster from JWC Environmental, Inc. without conducting a competitive solicitation process for the following reason(s):

To prevent pump failures and sewage overflows, Manatee County has standardized on JWC Environmental, Inc. equipment and parts for use in the County's lift stations master lift station flow channels. This equipment is used to macerate debris in the waste stream, which helps to prevent blockages that can lead to pump failure. When pump failures occur, they can lead to high water alarms and sewage overflows, which can be costly and time-consuming to clean up. Additionally, pump failures can require overtime pay for staff and the need to call in additional professionals to fix the problem. Using JWC Environmental, Inc.'s equipment can help to prevent these problems and save the County money in the long run. Additionally, JWC Environmental, Inc.'s equipment is designed to fit the County's flow channels, which eliminates the need for costly modifications.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than February 21, 2024 for evaluation and consideration.
