### BACKGROUND/DISCUSSION

- ▶ Hill Manufacturing supplies products that are designed to work better in the harsh heavy construction environment of County projects. The concentration of their products allows the end user to apply less product for the task and therefore saves the County money.
- ▶ Hill Manufacturing does not use a distributor network and only sells through factory sales representatives with licensed territories.

If a vendor believes this item is not a sole source procurement, Manatee County Purchasing Division requires prospective vendors provide information regarding their ability to supply the commodity or contractual services described prior to the date indicated for "date contract shall be awarded".
