BACKGROUND/DISCUSSION

- This procurement is for six 12' high x 40' long x 8' wide portable litter containment units with tow cables, galvanized shackles and forklift adapter capability for managing litter control at the County landfill. These units are customized for County purposes with forklift handling options so the landfill staff can move / place the units in order to facilitate effective litter control. The County currently has 40 units in various conditions / ages.
- The annual estimated expenditure is \$55,000.00.
- Hawaii Drillers Incorporated / dba / Coastal Netting Company is the original equipment manufacturer of the Coastal Portable Litter Containment Units (PLCU's).
- Litter control at the landfill is strictly regulated by the Florida Department of Environmental Protection Agency (FDEP). These customized PLCU's have standardized how litter is contained within the landfills working face area.

If a vendor believes this item is not a sole source procurement, Manatee County Purchasing Division requires prospective vendors provide information regarding their ability to supply the commodity or contractual services described prior to the date indicated for "date contract shall be awarded".
